

I am on the No Call List. I enjoy being able to sit at home and not have the phone ring 3-5 times a night from a telemarketer. I have received calls anywhere from 7 a.m. to 10 p.m., and I have 2 small children at home. I don't need or want my phone ringing at all times of the night, from people I don't and won't talk to. Please do not override the Wisconsin State Law for Telemarketing. I love where it is right now. Thank you.
